II. COMMITTEE DISCUSSION

A. Revised FFY 21-25 DMMC Surface Transportation Program (STP)

Attached for Committee review and recommendation to the DMMC Board of Directors are the revised FFY 21-25 DMMC STP Active and Contingency Programs. As discussed at the October TTC meeting, DMMC received an additional \$3.4 million dollars in STP funding from CMAP for programming in FFY 2021.

As a result of the additional funding, projects highlighted in blue were accelerated in the Program and projects highlighted in orange are proposed new funding awards. Projects were only moved to earlier years if the sponsor was interested in moving up in the Program. New projects were brought into the Program based on application scores from the Call for Projects that closed in March. New funding awards are proposed for projects in Wood Dale, Downers Grove, Bloomingdale, Addison, Hanover Park, and Glendale Heights.
