- B. CRRSAA Funding Information

As noted in the attached programming guidance, CMAP allocated funding from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) to the Councils, City of Chicago, and STP Shared Fund as outlined in the 2017 STP Memorandum of Understanding. DMMC and several other Councils requested that CMAP allocate funding using this method and appreciates CMAP listening to feedback from the Councils. DMMC received \$3,736,815 in CRRSAA funding for programming in FFY 2022. CMAP requested that any projects programmed with this funding meet one of three themes: Equity, innovation, and/or safety.

- C. CRRSAA Funding – Proposed DMMC Program

As detailed in the attached memo, DMMC staff worked with project sponsors and CMAP to program CRRSAA funding received. Four projects are proposed to receive CRRSAA funding, one Contingency Program project and three existing Active Program projects. By programming CRRSAA funding on these projects, STP funding was freed up to accommodate other funding requests, including cost increases and projects that wanted to shift program years. The Committee is asked to review and approve the attached proposed DMMC CRRSAA Program.
