II. COMMITTEE DISCUSSION

A. Draft FFY 2023-2027 DuPage Council STP Program

The draft FFY 2023-2027 DuPage Council STP Program is attached. Staff programmed existing FFY 23-25 projects, reprogrammed existing projects as requested, and programmed new projects received in the recent Call for Projects using scores approved by the Committee last month. Staff continues to work with project sponsors on likely FFY 2023 additions to the program. A revised draft with any revisions will be sent out prior to the meeting. The Committee is asked to authorize sending the final draft Program out for public comment. Comments received will be brought back to the Committee at its July 28 meeting. At that time, the Committee will be asked to recommend approval of the FFY 2023-2027 STP Program to the DuPage Council. The DuPage Council will meet on August 4, 2022, to consider the Program.

B. STP Funding Increase Request

The City of Warrenville has requested an increase of \$27,313 in STP funding for its Prairie Path Trailhead project. CMAP has verified funding exists in FFY 2022 for the increase. In addition, CMAP has advised six-month obligation deadline extensions are needed for \$127,238 obligated to the project in 2021 and for the \$27,313 increase. The attached staff report provides additional information on the request.

C. Six-Month Extension Request-West Chicago

At the April 28 Committee meeting nine requests for six-month extensions made pursuant to CMAP Active Program Management guidelines were considered. Eight requests were approved. One request from West Chicago for its Technology Boulevard resurfacing project was deferred pending resolution of CMAP concerns with the project's Quarterly Status Update (QSU). The QSU has been revised to address CMAP concerns. The West Chicago request is ready for Committee consideration.
