

DMMC CORPORATE PARTNERSHIP PROGRAM

2025 APPLICATION AND INFORMATION

DUPAGE MAYORS AND MANAGERS CONFERENCE

About Us.

Founded in 1962, the DuPage Mayors and Managers Conference (DMMC) is a not-for-profit organization representing 35 municipalities and over one million residents in DuPage County. Our mission is to enhance local government by promoting municipal excellence, fostering intergovernmental cooperation, and innovating effective solutions for DuPage residents and, ultimately, all residents of Illinois.

The Conference actively serves its members and the region by providing forums for legislative advocacy, promoting professional and ethical local government, administering regional transportation resources, and supporting a network that facilitates policy research and resource sharing among mayors, elected officials, and municipal staff to enhance community service delivery.

Program Overview.

As a Corporate Partner, you will have opportunities to promote your business through interactions with prominent local decision-makers, participation in high-profile DMMC events, and access to valuable information on issues important to our member municipalities, the local business community, and the citizens of DuPage.

The DuPage Mayors and Managers Conference seeks Corporate Partners who are recognized for good corporate citizenship, supportive of the Conference mission through their expertise, and actively involved in key programs to provide resources that align with and support our collective goals. Partners should not pursue a partisan political agenda while participating in DMMC meetings and events.
